ANNUAL REPORT

Foreword

Never since the start in 1997 of Humanitarian Resources International Foundation (HRIF), have we witnessed so much suffering due to crimes against humanity. The war in Ukraine has affected us all. Although HRIF was already preparing for this situation it still took us by surprise. In the first weeks of the war HRIF decided, to use the funds received for The Mission House, towards our new project "Operation Rescue". We were able to send relief goods and funds to Ukraine. In the meantime, HRIF built a network of hubs in Poland, Hungary, Moldova and Romania.

This proved to be a smart logistic decision and many churches and small groups have been reached thanks to a wide spread distribution. Not only have we reached out into Ukraine but also to refugees and locals in the surrounding countries.

In addition to truckloads of clothing, blankets, food and medical items, HRIF have been able to purchase 800 tons of wheat flour inside Ukraine, which is being distributed during the winter period through our network. HRIF have sent funds to purchase food for Ukraine local soup kitchens and for distribution of food parcels. Other goods have been purchased like generators and heaters. Due to an increase of goods donated to HRIF it has employed 2 full time warehouse workers plus rented additional warehouse space. Thanks to over 2000 corporate volunteers (CSR) we were able to handle and shift large volumes during peak times.

Many of the refugees who came to The Netherlands arrived with hardly any belongings. Over 1000 parcels with full sets of new clothing were received from HRIF partner organization Clothing4u.

"Dear team, We would like to thank you for your kind support for refugees from Ukraine. We came from Kyiv, unfortunately I did not have time to take clothes from our home only my documents and the kids. your boxes were unexpected presents for us! My kids and me are so happy! Thank you for your great support!"

HRIF continued to support the existing projects in both Eastern Europe and Middle East.

For if the willingness is there, the gift is acceptable according to what one has, not according to what one does not have

About us

In 1997 HRIF was founded to help those in need. The focus of HRIF is on helping the most vulnerable people and groups in emergency situations all over the world. HRIF helps by sending aid, including clothing and food. We collect and sort goods in our warehouse in Weesp, the Netherlands. Once the goods are combined, we arrange transport to our local partners on the ground, who then distribute the aid.

We collect donated goods and aid from companies and organizations. Together with our local partners on the ground we assess the needs of the communities we support and distribute the required goods efficiently. Our local partners always have good knowledge of where help is most needed and have the right expertise for the distributions so that they are fair and safe. HRIF is always sensitive to local customs and authorities regarding import rules and regulations. This method of working allows us to offer targeted and rapid large-scale help.

The people who receive our help are vulnerable people including children, women and the elderly in Europe, Asia, Africa and South America. HRIF focuses on shipping clothes, shoes, blankets, food, medical equipment, medicines and (hospital) beds.

When we receive a large donation of toys, we will send it to war zones and refugee camps. At first glance, it may seem that toys aren't a necessity of life but for children it is important to be able to play. By playing, children begin to process the things they experienced, they learn to socialize and to communicate. Every child has the right to play. That is why we believe it so important to send toys to children who don't have any.

The impact of sending and distributing aid in emergency situations and ongoing projects is incredible. Time and again people say that this is a sign of hope in an otherwise hopeless situation.

Both our office and warehouse are in Weesp just outside of Amsterdam. We work here with a small team of employees and volunteers.
